EXPERIENCE

Associate Software Engineer   **Sep 2022 – Apr 2023**
www.cognitiveclouds.com

In my role as an Associate Software Engineer, my daily responsibilities encompass participating in daily scrum meetings, resolving software bugs, developing application features, and delivering builds for quality assurance purposes. I am proficient in utilizing both **React** and **React Native frameworks** for the creation of web and mobile applications.

SOFTWARE PROJECTS

Zeus Theme (Visual Studio Code extension ullaskunder.zeus-vscode-theme)
- Transformed coding experience by enhancing readability and sparking creativity through visually divine themes.
- Published and showcased "Zeus Theme" on the Visual Studio Code Marketplace, garnering positive user feedback.
  Utilized: Nodejs, yeoman cli, Javascript, GIT

tweety-create Npm CLI tool (https://www.npmjs.com/package/tweety-create)
- Addressed the need for quicker project setup by automating repetitive tasks, allowing developers to focus on actual coding.
- Tailored for students and beginners, "Tweety-create" offers a minimal yet effective project starter code, fostering adherence to best practices and reducing future troubleshooting efforts.
  Utilized: Nodejs, GIT, GITHUB

DevHub MERN Stack (https://ndevhub.vercel.app/)
- Conceived and crafted "DevHub," a progressive web application powered by the MERN (MongoDB, ExpressJS, ReactJS, NodeJS) stack.
- Envisioned as a fusion of social media and productivity tools, DevHub is dedicated to nurturing a supportive tech community, facilitating mutual growth and encouragement among students and newcomers.
- Ongoing development of the platform is showcased through a live deployment on Vercel, promoting collaboration and continuous enhancements.
  Utilized: React, MongoDB, Express.js, Nodejs, GIT, Vercel

EDUCATION

St. Rocks Degree College (Mumbai University affiliated) GPA: 8.33   **July 2022**
- **Major:** Bachelor of Science in Information Technology
- **Coursework:** Algorithms & Data Structure, DBMS, Project management

CERTIFICATES AND LICENSES

Version Control with Git - Atlassian XDBEY5J8VBG8
HackerRank CSS Certification - HackerRank 47D8B353069D
FreeCodeCamp JavaScript Algorithms and Data Structures

SKILLS

Proficient: JavaScript, TypeScript, React, Node.js, HTML/CSS, Git/GITHUB, Unit Testing
Familiar: C++, Python, UNIX, Photoshop, Figma, AWS
